A MILLION DREAMS [BENJ PASEK AND

JUSTIN PAUL] ARRANGED BY MAC HUFF

[B9]

I close my eyes and I can see
The world that's waiting up for me
That I call my own

[B17]

Through the dark, through the door
Through where no one's been before
But it feels like home

[B25]

They can say, they can say it all sounds crazy
They can say, they can say I've lost my mind

[B33]

I don't care, I don't care, so call me crazy
We can live in a world that we design

[B41]

'Cause every night I lie in bed
The brightest colours fill my head
A million dreams are keeping me awake

[B49]

I think of what the world could be
A vision of the one I see
A million dreams is all it's gonna take

[B56]

Oh a million dreams for the world we're gonna
make

[B59] *Intro to Verse 2*

[B63]

There's a house we can build
Every room inside is filled
With things from far away

[B71]

The special things I compile (oooo__)
Each one there to make you smile

[B75]

On a rainy day

[B79]

They can say, they can say it all sounds crazy
They can say, they can say we've lost our
minds

[B87]

I don't care, I don't care if they call us crazy
Runaway to a world that we design

[B95]

Every night I lie in bed
The brightest colours fill my head
A million dreams are keeping me awake

[B103]

I think of what the world could be
A vision of the one I see
A million dreams is all it's gonna take
Oh a million dreams for the world we're gonna
make
